GROWTH OF CITY
Glendale's population in 1910 was 2742; in 1920 was 13,356. Per cent of increase, 393. Present population, estimated, 16,500.

THE GLENDALE EVENING NEWS

BUILDING RECORD
During 1920 the total building permits issued in the City of Glendale was $3,136,664, a national record, in proportion to population.

VOL. XVI WEATHER—Fair GLENDALE, (LOS ANGELES POSTOFFICE), LOS ANGELES COUNTY, CAL., TUESDAY, MAY 10, 1921 EIGHT PAGES 212

MEET TONIGHT FOR CLOSING SERVICE AT TABERNACLE

EVANGELIST EXPRESSES HIS PLEASURE AT SUPPORT GIVEN TO CAMPAIGN

Tuesday, 6:45 P. M.—Prayer Meeting.
Tuesday, 7:30 P. M.—Closing Service.

Another large audience gathered at the tabernacle last night and listened to an interesting service. The congregational singing was entered into heartily. The old familiar songs, "Shall We Gather at the River?" and "Hold the Fort" were sung most lustily.

Prayer was offered by the Rev. E. E. Ford, pastor of the Baptist church. Dr. Joseph Marple sang very effectively, "We Are Building on Eternity."

Prefacing his sermon Evangelist John E. Brown expressed his pleasure at being back in Glendale. He said that it was with great satisfaction that he turned his face and steps this way; that he appreciated the many expressions of friendship and helpfulness.

He praised the newspapers for their generous and constant support. He said:

"I owe a great deal to the newspapers for their help; without their assistance we could not have secured the success that has attended our efforts here. They deserve the patronage of the Glendale people. By all means take your home papers; it's a good investment.

"As to the offering, I have not been told what the sum total is, but I am sure it is a generous one. And outside of my own living expenses all monies received by me goes to definite Christian work. As our expenses were lightened quite a little by the Christian Endeavorers taking this tabernacle off our hands, I am going to suggest that we take an offering tomorrow—the closing day—and turn it over to the Christian Endeavor committee to help out their budget.

Fight Is Finished

"As this is Monday evening, I am delighted with this large audience. You will find my text in Second Timothy, 'I have fought a good fight; I have finished my course; I have kept the faith.'

From these memorable words the evangelist delivered a stirring message. He described the author, the

(Continued on Page 8)

Awarded Medals For Devotion To Music

Margaret Helen Dotson and Catherine Dotson, daughters of Mr. and Mrs. W. H. Dotson of 333 West Harvard street, took part in a musical recital in Los Angeles Friday, which was given under the direction of the music teacher from whom they have been taking lessons. Both Margaret, age 6 years, and Catherine, age 9 years, were awarded medals for their time and work devoted to music during the past year.

Mr. and Mrs. J. Horne Returning From East

Mr. and Mrs. James W. Horne of 1445 Valley View Road, who went to New York in the interests of a motion picture production of which Mr. Horne is director, are returning to their home here via the Canadian Pacific route, according to advices received here yesterday. They are spending the day in Montreal, Canada, and expect to stop off at Banni and other points of interest in the northern domain.

T. W. Rust Goes To Home In Pekin, Ill.

T. W. Rust, 645 North Central avenue, leaves today for his home in Pekin, Illinois. Mr. Rust and brother, J. R. Rust, came to Glendale in November. J. R. Rust returned to Pekin about three months ago. Both were members of the Elks and the Masons and made a number of friends during their stay here.

Mrs. W. H. Ward Will Be Hospital Patient

Mrs. W. H. Ward of 110 North Belmont street states that she regrets that, on account of illness, she was unable to attend the opening of the new Glendale Research Hospital Sunday, but will be on hand Thursday morning for an operation, she says.

ELECTROLIZING SALT LAKE LINE INTO CITY OR FORCING REMOVAL FROM GLENDALE AVENUE SOUGHT

Harry C. Levy Issues Call for Mass Meeting on Friday Night at Which Organization Will Be Formed to Carry Out Suggested Plans

With the ultimate purpose of electrolizing the Salt Lake Route line into Glendale or forcing its removal from Glendale avenue, one of the principal residential boulevards of this city, a meeting has been called for Friday night at the council chambers of the city hall at which time an organization of Glendale avenue residents will be perfected.

Harry C. Levy, a property owner residing at 811 South Glendale avenue, has issued the call and it is expected that the residents of the eastern section of this city, as well as business men in the East Broadway shopping district, will attend en masse.

According to those arranging for the meeting it is their intention to sound out the railroad company on providing adequate passenger service for the residents of that portion of the city who wish transportation into the heart of Los Angeles' rapidly growing industrial district which is along the Salt Lake's branch line running to Glendale.

At the present time one freight train every day except Sunday constitutes the service afforded by the Salt Lake. A combination baggage and passenger coach is carried for the convenience of tourists who buy their tickets here, but take the limited trains from Los Angeles to the east.

According to old-timers, it has been years since a passenger has been carried into Glendale on this train. It does a profitable freight business, however, and as the line taps the industrial section of the metropolis, it is believed that electrolization would prove profitable.

What the attitude of the Pacific Electric would be toward such a move is unknown at this time, but it is stated by those interested in the development of east Glendale that in view of the fact that the "loop" has not been completed to serve the portion of the city through which the Salt Lake traverses, any move that the latter might make to provide passenger service would be appreciated.

LOCAL DELEGATION LARGEST ONE AT K. C. MEETING

MEMBERS MAKE FINE SHOWING AT CONVENTION; HONORS TO JOSEPH SCOTT

The annual convention of the Knights of Columbus opened at 2:30 o'clock Sunday afternoon, May 8, at Long Beach, with the conferring of the second and third degrees on a large class of candidates. The degree work was followed by a banquet at the Virginia hotel, at which some 600 delegates and visiting Knights were seated.

An outstanding feature of the day was the appearance of the Glendale delegation, more than fifty strong, with their green and gold badges. This was the largest single delegation and created much favorable comment. Past Grand Knight H. M. Doll and Deputy Grand Knight T. L. Wright represented Glendale council, No. 1920, at the convention. Grand Knight H. V. Henry was prevented by business from attending.

Large Ball Is Given

The convention is a live enthusiastic one and Long Beach is up to its reputation for entertaining them. Monday was taken up with reports of state and district deputies, ending up with a grand ball at the Hotel Virginia, which was attended by the following Glendale people: Mr. and Mrs. H. M. Doll, Mr. and Mrs. J. G. Monahan, Mr. and Mrs. J. Chappins, Mr. and Mrs. T. L. Wright, Mr. and Mrs. M. J. Brennan, Mr. and Mrs. H. V. Henry, Mr. and Mrs. P. T. Ferry, Mr. and Miss Jodar, Mrs. Marleau, Mr. Marcellus Doll and Miss Catherine Marleau. The ball was a wonderful success and everyone states the convention was the liveliest in years.

Joseph Scott Honored

Great honor was conferred on the Honorable Joseph Scott at the ball. Rev. Father Sullivan, state chaplain of the Knights of Columbus, notified the Honorable Joseph Scott of the conferring on him of the Order of St. Gregory by Pope Benedict.

This order of Papal Knighthood is very seldom conferred, and only for great service to country and humanity, and in this instance is in recognition of the Knights of Columbus and Mr. Scott as their representative in the world war.

George Larkin Back From Bear Valley

George Larkin of 1417 South Brand boulevard has returned from a three-weeks' trip to Bear valley, where he has been with a company of twenty-four from Universal City on location for two five-reel features. Mr. Larkin is starring in both pictures, which are based on stories of the northwest mounted police, and which are being directed by A. E. Kull, also of Glendale. Some beautiful snow scenes were taken in the valley. A most delightful stay was enjoyed at Lowe's camp, where the company was most hospitably received.

Modified Dress Wins With School Girls In Close Vote At Polls

The first count of votes cast by the girls of the high school this morning on the question of modified dress as against the uniform favors the former by a vote of 206 as against 182. Votes are being recounted to assure the correctness of these returns.

The resolution for modified dress as accepted by the girls of the school included the following sections:

1. No cosmetics except powder.
2. Shoes to have low or military heels.
3. Plain stockings of lisle, silk, wool or cotton.
4. Silk, satin or sheer materials are barred.
5. No roll-down stockings.
6. Reasonable hair dress.

HIGH SCHOOL HOLDS BATTLE OF WORDS FRIDAY NIGHT

ORATORICAL CONTEST TO BE HELD IN TABERNACLE IF PERMISSION GRANTED

Glendale Union high school's annual oratorical contest takes place this coming Friday night at the John E. Brown evangelistic tabernacle, if nothing interferes. Otherwise it will be held in the high school auditorium.

At first there was some question whether or no the tabernacle would be available, but when it was heard that the students would have to draw lots to see which would be able to hear their classmates' speeches, the Rev. John E. Brown gave his consent which avails the big building to the high school on Friday.

Great preparations are now being made for the big event, but there is some question about the oratorical and chautauqua conflicting on account of the proximity of the two programs.

Speakers and Subjects

Following are the speakers for various high school classes and the subjects of their essays:

Freshman—Arden Gingery, "Abraham Lincoln."

Sophomore—Kathleen Campbell, "Education, America's Progress and Power."

Junior—Dale Wood, "The Golden Rule."

Senior—Francis Reed, "Woodrow Wilson, the Dreamer and Doer."

High School Trustees Will Meet Tonight

Members of the Glendale Union high school district board of trustees will meet tonight and consider the petition of the ministerial association that dancing be prohibited hereafter at the school.

CHANGE FAVORED IN CONSTITUTION OF ORGANIZATION

UNIFORM MEASURE ADOPTED BY PARENT-TEACHER BODY OF INTERMEDIATE SCHOOL

The regular meeting of the Parent-Teacher association of the intermediate school was held yesterday afternoon, Mrs. H. V. Brown, presiding. The flag salute was led by Miss Duncan. Mrs. Brown then introduced F. I. Drexler, who gave a talk on the chautauqua.

The committee which had been appointed to draft a new constitution reported and the uniform constitution which is being adopted by practically all of the parent-teacher associations was adopted.

Mrs. W. A. Kulp moved that the Intermediate Parent-Teacher association meeting days be changed from the second Monday to the fourth Wednesday, which motion was adopted.

Urges School Bonds

Richardson D. White spoke on the coming school bond election and urged the association to work for it. He especially emphasized the need of visiting the voters before the election and then providing transportation on election day to take the voters to the polls. Polling places will be at the Intermediate, Cerritos avenue and Central avenue schools.

Mr. White also spoke of the effect of the new charter, stating that the old school board goes out and it will be necessary to re-elect another school board. In order that that may be done and the names be presented to the people at an election it will be necessary to circulate petitions and have each petition for a school board trustee signed by at least fifty-seven registered voters, he said.

Public Is Invited

Miss Noble spoke about patrons' night at the school. This visitors' night will be held Thursday, May 19, at which time the public is invited to attend. At the visitors' night last year fully 300 visitors attended, and it is anticipated that a much larger number will attend this year.

Announcement was made of "The District School," a play to be given by the teachers' club of Glendale at the high school auditorium in the afternoon and night of June 7 for the purpose of raising funds to send a delegate to the National Educational Association convention.

New Officers Chosen

Mrs. Frank Ayars, chairman of the nominating committee, gave a report, which resulted in the following officers being elected for the ensuing year:

Mrs. Lydia M. Kulp, president; Mrs. Hanning, vice president; Mrs. H. H. Jepson, treasurer; Mrs. J. C. Kinzy, secretary; Mrs. Rowley, historian; Mrs. Oliver, auditor.

Mrs. J. I. Wernette spoke about the May festival to be held on the grounds of the John Robert White home at Lexington drive and Orange street May 20.

Paul Hutchinson Is Again At High School

Paul Hutchinson, son of Mr. and Mrs. C. E. Hutchinson of 246 North Orange street and popular member of the junior class of the local high school, returned to his studies today after a two weeks' seige of mumps. During his illness the class tryouts for the annual oratorical contest, of which Paul is secretary, took place, and as a result he was not given a chance to compete. Paul is one of the best public speakers in school, having taken an active part in debating and oratory during his first two years. Last year he represented his class in the annual contest and many thought that he deserved first place.

Lewis Reid Arrives For Surprise Visit

Lewis Huling Reid surprised his parents, Mr. and Mrs. S. J. Reid of 212 North Cedar street, by unexpectedly dropping in on them Sunday morning. He has just completed his sophomore year in the University of Missouri, in which institution he enrolled last August.

Young Reid finished the term with high honors and is reported to have been one of the most popular members of his class. He belongs to the Sigma Chi fraternity, having joined that organization last year while enrolled in the University of California. He will remain in Glendale until the last of August.

School Bond Issue Being Given Support

Committees are meeting this afternoon at the Colorado boulevard school for the purpose of promoting the interests of the $199,000 school bond issue which will be voted on May 24.

Today's World News In Brief

(By United Press to Glendale Evening News)

UNFILLED TONNAGE SHOWS DECREASE OF 439,541 TONS

NEW YORK, May 10.—Unfilled tonnage of the United States Steel corporation decreased 439,541 tons, it was announced today. The unfilled tonnage April 30 totaled 5,845,224, as against 6,284,765 on March 31 and 10,359,757 on April 30, 1920.

NO MONEY FOR POSTOFFICE BUILDINGS THIS SESSION

WASHINGTON, May 10.—Republican Leader Mondell announced in the house today that because of the great need of governmental economy no appropriation bill providing for the erection of new postoffices and federal buildings will be passed at this session of congress.

BROTHERS BURNED TO DEATH WHEN HOME DESTROYED

CAMBRIDGE, Mass., May 10.—Four brothers, ranging in age from twelve to twenty-one, were burned to death when their home was partly destroyed by fire today. They were: Ledger, Ernest, Warren and Lester Trembly. They were trapped by the flames on the third floor.

REICHSTAG LEADERS OBJECT TO TAKING ALLIED TERMS

BERLIN, May 10.—Unexpected opposition to acceptance of the allied ultimatum developed among reichstag leaders today. All night sessions of party leaders failed to bring the democrats and volkspartei leaders into agreement with the majority socialists who favor accepting the demands. At 1 a. m. the volkspartei caucus voted against acceptance. The democrats continued in session.

HARDING HAS NOT BEEN ASKED FOR DELAY ON PEACE

WASHINGTON, May 10.—President Harding has not asked the house to delay action on the Knox peace resolution, it was learned today. At the same time the president is not insisting that the house go out of its way to rush the Knox resolution through. The president's view that the situation in Europe will be cleared temporarily by the time the resolution passes through regular channels.

FRENCH DETACHMENT IS DISARMED BY GERMAN FORCE

COPENHAGEN, May 10.—German armed forces have disarmed a French detachment at Koenigshutte, Silesia, according to a Warsaw dispatch today. Polish insurgents were reported in control of half the city, the Germans holding the other part. Germans, driven from Kanarzin after costly fighting, were reported again in possession of the place. Italian soldiers drove the Poles out, the dispatch said, and handed it over to the Germans.

ENGLAND IS AGAIN THREATENED WITH INDUSTRIAL WAR

LONDON, May 10.—Renewed danger of industrial war threatened Great Britain today. "Bob" Williams, secretary of the transport workers, was prepared to stampede his followers into a strike when the union's executives met this forenoon. Railway troubles threatened when the government ordered the Caledonian road in Scotland "to carry out its public duties." The order was issued when union railway men refused to handle non-union coal.

GERMANY TO ACCEPT ALLIED TERMS, FRENCH BELIEVE

PARIS, May 10.—Berlin dispatches to the French foreign office today indicated Germany will accept the allied ultimatum. The messages were not made public, but at the Quai D' Orsay it appeared to be accepted that the Germans will sign. French troops eagerly awaiting the word to advance, will be held at the border of the Ruhr valley, prepared to march in if Germany shows signs of evading any of the terms. With only sixty hours remaining before expiration of the allied ultimatum, France was prepared for the "jump off."

MOUNTED POLICE GUARD DOCKS TO PREVENT DISORDER

BUENOS AIRES, May 10.—Mounted police, heavily armed, guarded all approaches to the docks here yesterday, to prevent clashes between union and non-union workers. The port was so tightly sealed that recent arrivals were unable to claim their baggage from the customs office. The police were posted when the employers' association announced it would replace striking dock workers with non-union men, union men threatened violence workers with non-union men. Strikers and strikebreakers made their way as usual to the docks today, but were surprised when halted more than a block from the waterfront. No effort was made to break through the police cordon.

MOTOR STOCKS UNDER HARD ATTACK ON N. Y. MARKET

NEW YORK, May 10.—A new high for Sterling had a favorable effect on the stock market today. Except for motors in which yesterday's declines continued, the list was stronger. Pierce Arrow made a new low on the decline at 33. American Bosch quickly went below 55, a loss of 2 points. Studebaker, selling ex-dividend at 83, was up 1-8. United States Steel was up 1-8 at 85⅛ and Bethlehem B showed a similar advance. Rails continued their advance with New Haven up 5-8, at 20¼, Lehigh Valley was up ½ at 55⅞ and Southern Pacific was 3-8 up at 78⅞. Motor stocks continued under vicious attacks during the forenoon. Studebaker dropped a full point and Pierce Arrow fell 3 points to 30⅞. Chandler was sold freely, dropping 2 points.

M'NAMARA IS FREED; BROTHER GOES WITH HIM TO GATE

SAN QUENTIN PENITENTIARY, Calif., May 10.—John J. McNamara walked to the gates of San Quentin penitentiary shortly after 7 a. m. today, arm in arm with his brother, Jim, a guard turned the big bars, the gate swung open and the man who had finished his term for the so-called Los Angeles Times dynamitings stepped out to freedom. "Sorry, sorry, you can't come with me," he was heard to say to his brother who must remain behind the big yellow walls of the penitentiary the remainder of his natural life. As they parted the two shook hands warmly. Edward C. Lewis of the Bridge and Structural Iron Wokrers' union and Charles F. Zergo, business agent for the San Francisco local of the same organization, were awaiting McNamara with an automobile. The three sped away immediately for Sausalito to catch a ferry for San Francisco.

C. OF C. DIRECTORS AID CONVENTION FINANCES

VOTE TO SPEND $200 BEHALF GLENDALE AT GATHERING CHRISTIAN ENDEAVOR

Two hundred dollars from the advertising fund of the Glendale Chamber of Commerce was voted this afternoon by the board of directors at a luncheon in the model bungalow of the Domestic Arts building, Glendale Union High school, for the purpose of advertising Glendale in connection with the state Christian Endeavor convention to be held here June 25 to 29.

Members of the convention committee also were present at the luncheon and the board was addressed by Howard Brown, general chairman; A. L. Baird, finance chairman; R. F. Kitterman, treasurer, and J. A. Newton, publicity chairman. James F. McBryde and James Cooper also represented the Christian Endeavorers.

To Ask Aid of City

It was decided, after much discussion by the Chamber board members, that the city would be asked for a $200 appropriation from its publicity and entertainment fund which, combined with the $200 donated, would make up the $500 requested in Mr. Brown's speech.

The latter emphasized the magnitude of the convention which will be held here next month and stated that special trains would bring delegates from the northern part of the state on both the coast and valley lines of the Southern Pacific. There are 40,000 young people enrolled by the Christian Endeavor in California, he said. Ten thousand of these are in Los Angeles county. At Long Beach several years ago 5200 delegates registered. At Riverside 3431 paid a registration fee. The Glendale committee expects 4000 this year.

Routine business considered by the directors included a communication from City Manager T. W. Watson on the opening of California and Salem streets and Wilson avenue and the establishment of a new station for the city of Glendale on the Southern Pacific railroad somewhere north of Broadway. The entire matter was referred to the public utilities committee for immediate action. Deficits at Forum dinners were discussed, holiday closing cards for merchants were ordered printed and several new members enrolled.

They Planned Luncheon

Lois Schuyler and Elaine Francis planned the luncheon which was served by the following members of Miss Ellen J. Hanson's cooking classes: Edith Schuyler, Marguerite McGuire, Dorothy Danner and Eleanor Foster. The menu was as follows:

Flank steam en casserole, mashed potatoes, buttered asparagus, butter, biscuits, orange marmalade, tomato salad, strawberry shortcake and whipped cream and coffee.

Acacia School Has May Day Exercises

May day exercises were held yesterday at the Acacia avenue school. Janet Mabry was Queen of the May. The May pole dance concluded the program. At noon a box lunch, which the mothers had provided, was enjoyed on the lawn. Coffee was served by the Mothers' club, and ice cream cones were given the children.

A short business meeting of the Mothers' club was held in the afternoon, at which time the following officers were elected: Mrs. William Alexander, president; Mrs. Anna Clark, vice president; Mrs. E. W. Evans, secretary; Miss Mae Cornwell, treasurer; Mrs. Wilson, historian.

Talk Over Plans For Cooked Food Booth

A meeting was held yesterday afternoon of the committee which will be in charge of the cooked food booth at the May festival to be given May 20 of this month by the Glendale Federation of Parent-Teacher associations on the grounds of John Robert White home at Lexington drive and Orange street. The members of the committee are Mrs. Ed Wolbach, chairman; Mrs. John Fanset, Mrs. R. D. Angelica and Mrs. Jack West. Plans were discussed in regard to the decorations and other details.

Local Visitors Now Guests In Los Angeles

Mrs. M. E. Reed and daughter, Miss Mae Reed, who are spending several months in Glendale at 220 North Belmont street, are this week's house guests of Dr. and Mrs. Carl Johnson of Los Angeles. Mrs. Reed and her daughter are residents of Montrose, Colo., and intend to leave for that city in the near future.

Locals And Personals

Broadway boys played Colorado street Monday and again lost the game.

Charles P. Brice of 304 North Kenwood street left this morning for Fresno on a business trip.

Alex McVickers of 1119 East Broadway was an all-day visitor at Highland Park Monday.

The Masons are planning to give an informal dance May 14, S. S. Gilhuly in charge of arrangements.

Mrs. R. L. Holland of 209 Arden avenue had as her luncheon guest today Mrs. Huber of Los Angeles.

Mr. and Mrs. L. L. Smith are moving into their new bungalow at 1051 Justin avenue, which has just been completed.

Mrs. George Burtscher of Oakland and Miss Evelyn Ellison are visitors at the A. L. Baird home, 637 North Orange street.

Attorney Hartley Shaw of 212 West Park avenue left last night for Bakersfield and Taft to transact legal business.

Mr. and Mrs. John Ryan of Manhattan Beach were the week-end guests of Mr. and Mrs. R. L. Holland of 209 Arden avenue.

Mrs. D. B. Edwards of 521 East Acacia avenue entertained recently in celebration of the third birthday anniversary of her daughter Marna.

A nine-pound baby boy was born at the Glendale Sanitarium and Hospital Sunday night to Mr. and Mrs. C. Andrews of 228 North Orange street.

L. T. Rowley of 334 West Vine street spent Monday at Sunland, where he went on business concerning his property in the Monte Vista valley.

Mr. and Mrs. Clark Christy of Downey were guests over night at the home of the latter's parents, Mr. and Mrs. C. P. Brice of 304 North Kenwood street.

J. D. Cole of 122 Arden avenue reported to the police this morning that a tire was stolen from his car last night while he was attending the revival meetings.

"Bill" Kingsley, who has been fixin' 'em up at the local Ford garage for the past two years, recently severed his connection with that establishment, and has accepted a position at the Night and Day garage of 217 East Broadway.

The regular monthly all-day meeting of the women's societies of the First M. E. church, which had been postponed until Thursday of this week, will not be held at that time on account of repairs being made on the church building.

Margaret Helen Dotson and Catherine Dotson, daughters of Mr. and Mrs. W. H. Dotson of 332 West Harvard street, have recovered from an attack of measles and were overjoyed at having the quarantine ban lifted last Wednesday.

Mr. and Mrs. Malcolm McLaren of 303 North Jackson celebrated their thirty-fifth wedding anniversary yesterday with a matinee party at a Los Angeles theatre. In the evening they dined at the Los Angeles Athletic club and witnessed the wrestling match there between Champion Ted Tye and Walter Miller.

Mr. and Mrs. E. A. Lange and Mr. and Mrs. D. E. Sanker of 328 West Vine street motored to Owensmouth Sunday, visiting several friends in that city. Mrs. Sanker, who has been ill for the last three months, is up after her long siege and is once more able to enjoy the outdoors.

Mansford Barnes of 1303 North Brand boulevard has been engaged to play in the Lebec orchestra, starting July 1, and lasting through the summer. This rising young Glendale musician is fast becoming a genius with the saxophone and his friends say it will not be many months before he will be a star of the first magnitude.

Miss Jacoba Barnas, 444 Salem street, has returned from a week's visit with friends in San Diego, of which city she was a resident until coming to Glendale about six months ago. While in San Diego, Miss Barnas, who is to be married Saturday, May 14, to Garry Huisveld of that city, was the guest of honor at several luncheons, dances and showers.

CONTROLLED BY LEVER

Two Oregon men have invented compressed air apparatus controlled by a simple lever in the pilot house for steering ships.

WINDIEST PLACE

The Falkland Islands are believed to be the world's windiest place, tree growth there being practically impossible.

CONDUCTS ELECTRICITY

An English scientist claims to have invented a glass which is a conductor of electricity.

FOR CEMENT FLOORS

The invention of a cement that will hold machinery securely on floors is claimed by a Swiss.

BLOWS WINDOW GLASS

Window glass 40 feet in length can be blown by new machinery.

RALLY GATHERINGS FOR METHODISTS ON WEDNESDAY

TWO MEETINGS TO BE HELD AND GENERAL INVITATION IS BEING EXTENDED

At the First Methodist church tomorrow night there will be two rally prayer meetings, both of which are to have a record attendance. The regular church meeting will be in the Sunday school room and every member of the church is urged to be present. The other meeting is that of the young people of from 14 to 35 years of age. This will be in the main auditorium and it is enough to say that it will be of the Tabernacle type.

Every young person who would like to meet with the Methodists is urgently invited. Both meetings will be "Echoes from the Tabernacle;" each will begin at 7 o'clock, sharp, and close at 7:45 so as to make it possible for all to attend the chautauqua. Every new convert and everyone who expects to join by letter or otherwise will find this a great meeting, the committee announces.

ARMY'S FOOTPRINTS, MADE 130 YEARS AGO, FOUND

ANCIENT TRACKS DISCOVERED ON ISLAND OF HILO; ON KUA DESERT

HILO, Islands of Hawaii, T. H.—Footprints, 130 years old, of an Hawaiian army that fled from the wrath of Pele, goddess of the active volcano Kilauea, near here are believed to have been discovered in the Kua desert, south of the great crater, by Prof. T. A. Jagger, Jr., in charge of the volcano observatory.

Dr. Jagger and his party was exploring a region far removed from any of the known modern trails when they came upon an area thickly covered with the imprint of naked feet, all pointing in one direction, all deep at the toes and light at the heels, indicating that the makers of the tracks had been running at top speed.

Preservation Explained

The tracks originally had been made in volcanic ash, which is strongly impregnated with sulphurous acid and gypsum, and which when wet by rain, settles into a hard concrete, thus explaining the preservation of the imprints for period believed to have stretched over more than a century and a quarter.

Hawaiian legend and history provide the other side of the story, the connection between the Kau desert tracks and the flight of the army of Keoua, king of Kau, from Pele's wrath.

Volcano Wipes Out Army

Keoua led an army of three divisions against King Kamehameha who later united all the Hawaiian islands under his sway, in the year 1790. This year also recorded the last explosive erupiton of Kilauga volcano. Hawaiian legends record the fact that some of Keoua's warriors rolled stones into Kilauea crater to mark their disrespect for the goddess of the molten lake. Whatever the reason for the outburst, Pele in her wrath, and, with a terrific explosive eruption, totally wiped out the second division of Keoua's army.

The footprints found in the Kau desert are believed to be those of the men of the first division, who, seeing the destruction of their comrades in the rear, fled from the locality. The third division coming up saw the bodies of the annihilated second and halted.

The area where the footprints were discovered is part of the new Kilauea national park, which will be dedicated this year, and steps have already been taken to enclose the tracks and preserve them.

'Mad Dog' Warnings Issued By Officials

Constable Henry Purrier is busy today posting "mad dog" warning signs throughout Burbank township.

Dr. J. E. Eckles is requesting all owners of canines to muzzle their pets.

All as a result of a fight in which a dog owned by John O. Elliott, 408 West Ivy, bit John, Jr., and another dog after which it was found he was suffering from the rabies, according to an analysis made yesterday.

This morning the other dog was killed and the Elliott lad will undergo Pasteur treatment.

The city officials request immediate reports on any similar cases.

Lights Candle In Stream Of Water

Burnell Ford, prominent inventor and electrical scientist, presents a lecture entertainment for Chautauqua patrons on the first night which will be of unusual interest. Among his interesting experiments will be the production of an electric storm upon the platform, 250,000 volts of electricity being discharged into the air; the operation of a submarine chaser by wireless; welding of metal by electrical current passing through the human body; setting off explosives by wireless; lighting of a candle by means of a stream of water, and many other intensely interesting experiments.

The chautauqua is here May 11-17.

Six Serious Problems, International Aspect, Facing United States

WASHINGTON, May 10.—With the question of American representation in European councils settled, Secretary of State Hughes now will turn his attention to six other serious international problems vitally affecting the United States, it was learned today. These problems are:

1—The question of the recognition of the Obregon government of Mexico in a way to insure protection of American lives and interests.

2—The defiant refusal of the little republic of Panama to accept the award of Chief Justice White giving the disputed Coto territory to Costa Rica.

3—The protest of Japan against the California anti-Japanese land laws.

4—The action of the Dutch government in barring American oil interests from participation in the exploitation of the Djambi oil fields in Central Sumatra.

5—How to dispose finally of the former German cables, a question which has been in a deadlock between the five great powers in the international communications conference here for months.

6—Whether to carry out the announced intention of the Wilson administration to withdraw the American military occupation from Santo Domingo, which has been under consideration at the state department for some time.

Miss Helen Winkler Is Enjoying Vacation

Miss Helen Winkler, chief operator at the Glendale office of the Pacific Telephone & Telegraph company, is away on a week's vacation. She is spending several days as the guest of her sister in Ventura. During her absence Miss Lula Crouch is filling her position.

FRENCH WILL SOON START STUDY OF NAVY METHODS

AMERICA AND JAPAN TO BE TAKEN AS EXAMPLES FOR COMPLETE INQUIRY

PARIS, France — That France cannot any longer remain inactive and disinterested in affairs of naval construction is the theme put forward by the Echo de Paris in discussing the United States and Japan and the mastery of the Pacific.

"While we certainly have enough worries over here in Europe and while the Pacific is a long way from us, we cannot forget that we have possessions in India and China which in the event of trouble, might need our protection. Also let us remember that matters even afar off often trouble the peace of the rest of the world. The Austro-Servian squabble in 1914 was enough to entangle the rest of the world in a gigantic war.

"America," adds the French newspaper, "needs a large navy for various reasons. Firstly, she has to protect her merchant marine, which even in 1914 was equivalent to two-thirds of the British merchant marine.

Large Coasts to Guard

"Secondly, she has possessions to watch and guard; and, thirdly, she has a large coast area to patrol both on the Atlantic and on the Pacific. Thus she has had to build larger ships capable of operating at long distances.

"America has a fleet of eighteen dreadnoughts and one hundred big destroyers maneuvering in the Pacific. In June this fleet is to visit South America and South Africa, and will carry Old Glory to visit the British dominions of Australia and New Zealand. What will England think of this little demonstration?

Japan Builds Fleet

Japan also is building a huge fleet which, when completed, in about six years, will consist of 800,000 tons, which, added to her existing powerful fleet, will be capable of competing with the strongest navies in the world.

"In view of these formidable naval programs, France should at once set to study naval matters. Why not now appoint a strong commission headed by competent naval experts and entrust it with the creation of a powerful fleet?" concludes the Echo de Paris.

DISCUSS PLANS FOR MUSIC WEEK IN L. A. COUNTY

MRS. A. H. MONTGOMERY VISITS ADVISORY BOARD; LOCAL CLUBS ARE ACTIVE

Mrs. A. H. Montgomery of 415 South Central avenue represented Mrs. C. L. Marlenee at the meeting of the advisory board in charge of music week, which will be observed May 29 until June 6, in Los Angeles yesterday.

There were twenty-five representatives present from various cities in Los Angeles county, who gave reports on what the different organizations in these cities are going to do during music week.

The idea of having music week is to get music to those who are shut in and also to promote a more general interest in music.

Local Organizations Active

All of the musical organizations of Glendale are planning concerts for this week, including the high school orchestra, music section of the Tuesday Afternoon club, Madrigal club, Glendale Music club, Juvenile auxiliary, Junior auxiliary, and others.

The music week idea has been tried in New York City and has met with great success, having been given the assistance and co-operation of numerous musical artists, commercial, industrial, social and musical organizations of the city.

Auto Trip And Picnic In Canyon Enjoyed

A party composed of Mrs. T. D. Magnes and daughter, Miss Myrtle Magnes, Mr. and Mrs. Lynn Price and Mr. and Mrs. S. L. Hastings, all of Glendale, enjoyed an interesting drive to Topango canyon and other beautiful southern California spots Sunday afternoon. They carried a bounteous supply of delicious luncheon and made the affair more enjoyable by spreading an old-fashioned picnic dinner under the oaks of the canyon.

WILL GROW COTTON

Italian interests plan to develop nearly a quarter of a million acres of irrigable land in Somaliland for the production of cotton.

Many New York families are planning to eliminate rent bills during the summer by erecting tents in state and municipal parks which are thrown open to campers. For $2 a week one is permitted to erect and live in a tent not larger than 10 by 12 feet and containing not more than four persons.

The raising of mushrooms in beer vats is becoming such an important industry that growers are calling for tariff protection.

A new city, which as yet has no name, is being formed in the Province of Saskatchewan on Lake Maskakee. Several factories are extracting chemicals from waters of the lake and exploiting the rich stratified deposits in the lake bed.

Prominent Japanese women have decided to organize a woman's peace association to promote world peace. It is the intent of the organization to co-operate with similar associations in other countries.

SPENCER ROBINSON GETS PERMIT TO BUILD STORE

STRUCTURE WILL HOUSE HIS REAL ESTATE BUSINESS, BRANCH POSTOFFICE

With the Glendale avenue branch of the Los Angeles Trust and Savings bank contemplating the use of the entire block in which it is now located for its banking rooms exclusively, Spencer Robinson, whom for years has occupied an office at 104 South Glendale avenue, now is building a one store room at 111 North Glendale avenue to house his general real estate and insurance business and the branch postoffice over which Mrs. May E. Myton presides. The permit issued to Mr. Robinson this morning calls for an $1100 improvement, one of the first blocks north of Broadway on Glendale avenue to be built for nearly ten years.

Permits Issued in Day

Building permits issued during the past 24 hours follow:

C. W. Hanson, 5 rooms, 521 West Doran street	$4,000
Mary M. Grigg, 5 rooms, 232 West California	4,000
Hall and Thompson, 5 rooms, 515 West Patterson avenue	3,000
Mrs. Clara F. Brown, 4 rooms, 316 West Hawthorne	2,700
W. E. Brittin, 4 rooms, 407 West Elk avenue	2,000
H. Jameson, 2-room warehouse, 118 North Orange	1,500
Spencer Robinson, 1-room store, 111 North Glendale avenue	1,100
A. H. Carpi, 4 rooms, 201 East Palmer avenue	800
H. E. Ells, screen porch, 601 West Vine street	140

The Post-office Department is supplying its employes with sawed-off shotguns similar to those used by American troops in beating back German trench raiders in France and which brought a protest from Berlin. The War Department has shipped these guns as well as 45 caliber revolvers to all postoffices handling valuable mail.

WARNS AGAINST USE OF NARCOTICS IN TALK TO BOYS

VETERAN PHYSICIAN TELLS OF DANGERS TO BE FOUND IN CIGARETTE SMOKING

Revealing the effect of narcotics to the young men of Glendale Union high school in a brief address this morning, Dr. Lyman B. Sperry, a veteran physician and surgeon of Los Angeles appeared here under the auspices of the Women's Christian Temperance union.

Dr. Sperry advised the boys to beware of cigarettes and in a few very pointed words related reasons why they should not become addicted to the use of narcotics. He was introduced by Principal George U. Moyse, who also touched on the subject of profanity among the boys and urged them to be careful in their speech.

Mrs. Ella W. Richardson announced the lawn festival which is to be held at her former home, 525 South Central avenue, Saturday afternoon, for the benefit of Monte Vista lodge. She stated that Glendale women have taken charge of the kitchen in this home for undernourished children of Los Angeles county and that they need money for utensils.

Feats of Strength

At an assembly of the boys yesterday morning Professor Leinberger gave a demonstration of feats in strength. He bent a big piece of steel across his arm, chewed nails, held off six of the high school's huskiest, lifted two fellows with his teeth, and otherwise made light of heavy objects.

The professor appeared under the auspices of the county Y. M. C. A. and his performance was heartily applauded. At the close of the show he gave a few words of advice on "How to Keep Fit."

The Rockefeller Foundation has presented a tract of country comprising thirty-five thousand acres to the state of Louisiana. This tract is known as the Grand Chenier Wild Life Refuge and was purchased in order to preserve the wild life of the country. A condition of the gift requires that the tract shall remain as a perpetual wild-life preserve.

HOLD GATHERING TO MAKE PLANS FOR GARDEN PARTY

EXCELLENT PROGRAM WILL BE GIVEN SATURDAY; BOOTHS WILL BE ATTRACTIVE

A meeting of the committee in charge of arrangements for the May garden party to be given Saturday, May 14, to raise money for furnishing the kitchen at the Monte Vista lodge, which is to be used as a vacation home for undernourished children of Los Angeles county, met last night at the home of Mrs. A. H. Montgomery, 415 South Central avenue, Mrs. R. W. Meeker presiding.

Reports were given of the splendid progress which has been made in remodeling the kitchen at this lodge and of the co-operation of the carpenters, painters, plasterers and merchants of Glendale who have donated so generously of their time and material.

The kitchen will be given the final coat of paint next Sunday. As this will be the last time the workmen will be there it was decided that the ladies would donate various articles of food for their lunch.

Garden Party Discussed

Plans for the garden party to take place Saturday were then discussed. The program, although not yet completed, will include music by the high school orchestra, dancing by pupils of the Pearl Keller school, readings by Glad Esther Mitchell, songs by Keaumoku E. Lewis accompanied by Mrs. C. H. Pendleton at the piano, and other equally good numbers.

After the program punch, ice-cream and candies will be disposed of at various booths on the spacious grounds of the Marshall residence at Riverdale Drive and Central avenue, where the garden party is to be held.

Plans for the sale of the tickets, which are 25 cents for adults and 15 cents for children, were discussed. Everyone can help provide for the care and outing of the poor kiddies of the county by purchasing tickets for the garden party.

Those present at last night's meeting were Mrs. R. W. Meeker, Mrs. A. B. Montgomery, Mrs. M. J. Hanna, Mrs. Mabel Franklin Ocker, Mrs. P. E. Cory, Mrs. Colin Cable, Mrs. O. H. Belew, Mrs. C. F. Parker, Mrs. J. G. Huntley and Miss Corinne Orff.

Secretary of the Navy Denby is planning to change the Niagara, Admiral Perry's flagship, into a museum. It is now docked at Erie, Pennsylvania.

Fifty Years Ago---

Glendale was a picturesque mountain dale mostly inhabited by Mexicans and Indians. There were probably a dozen humble dwellings—where now there are over 3000 beautiful homes. Land sold for a few dollars an acre—the value of mere lots was unknown.

Just Five Years From Now

Glendale should double in population and be a prosperous city of from 30,000 to 50,000 inhabitants. The value of homes and all real estate will greatly increase.

Build a House for an Investment

As well as a home in which to live. You can make no mistake. Building materials, particularly lumber, have reached a low value, and is apt to rise. Lots are increasing in worth each month. A home built **NOW** in addition to saving rent and giving you a really comfortable place to live—will pay you handsome dividends as an investment.

If It's Lumber or Building Material We Can Serve You

RESEMBLES PAPER

Of Russian invention is a fireproof building material resembling paper that can be made with paper making machinery.

LOCAL CONCERN HAS BUILT BIG TRADE BY FAIRNESS

BENTLEY-SCHOENEMAN CO. IS GLENDALE INSTITUTION; EFFICIENT SERVICE

Fair treatment of the public always wins. This trite statement is proven in the case of the Bentley-Schoeneman Lumber company, 460 West Los Feliz road, who have grown from an average sized lumber concern in Glendale of eight years ago to one of the leading retail lumber yards in Southern California—competent in every respect to properly serve Greater Glendale.

"From the very inception of our business in Glendale," says George Bentley, "we have endeavored and, I think, succeeded in giving the citizens of Glendale an exceptional lumber service. We have never been too busy to carefully advise every patron or caller in regard to his or her building problems.

"We have maintained an unusually efficient delivery system and have at all times kept our margin of profits cut to the lowest possible levels—otherwise we could not have built our business to its present magnitude."

Always Prepared

A. E. Bradshaw, proprietor of Bradshaw's Meat Market and Basket grocery and at 1405 South San Fernando Road, has absolute faith in the future prosperity of southern Glendale. "Always prepared and ready to fill any grocery order" is the slogan of his store, and to this Mr. Bradshaw attributes his constant stream of customers.

Sunday Dinners Win

Laura's cafe at 1519 South San Fernando Road has a trim and inviting air about it, which is one reason for the crowd of young people at the counter and tables. The manager states that their Sunday dinners are unsurpassed, being real home cooking.

Has Complete Stock

T. B. Reavis, who recently opened a paint store at the Triangle corner, San Fernando Road and Central avenue, states that he now has a full line of painters' and builders' supplies, and is fully equipped to serve both contractors and the householder who desires to do his own brightening up.

Present at Dance

Miss Marjorie Imler of 336 West Park avenue was one of several Glendale guests who enjoyed the semi-annual dormitory dance given last Saturday night by the California College of Technology of Pasadena.

At Redondo Beach

Mr. and Mrs. L. A. Brenkman of 1510 South San Fernando Road visited friends in Redondo Beach last Sunday.

Paint as a Protection to Homes—

BEING A PERSONAL TALK BY MR. REAVIS

To Builders and Residents of South Glendale:

I want to see Glendale the brightest spot in California. I am doing my bit by offering as specials for this week the items listed below.

There's an economy consideration as well as one of pride when it comes to painting your home. It will deteriorate less in appearance, in wear and in value, if painted occasionally with a good quality of paint.

I will be pleased to offer helpful suggestions at any time concerning your painting problems. T. B. REAVIS.

SPECIALS FOR THIS WEEK

WALL BOARD (first quality), $45 per 1000 sq. ft.; Outside White and colors, $2 up; Flat White, $2.75 up; Genuine Colby Dutch Boy White Lead, $12.50 per 100 lbs.; White and Ivory Enamel, $3.25; Pure Linseed Oil, 95c; Calcimine, 7½c; Best Boiled Paint Oil, 65c; Graphite, 6½c; Floor Varnish, $2 up; Quality Floor paint, $3; Roofing, $1.60 up per roll.

Excellent line of Brushes, Colors in Oil, Automobile Color Varnishes, etc.

Need Groceries Today?

"Always prepared and waiting to fill any grocery order" is the motto under which our store is run. It means that no matter how small your order may be or what particular items you may want, we are ready to supply

Will Give Estimates

J. C. Satow, the guarantee plumber of 1513 San Fernando Road, says that he will give estimates for carpenter work in connection with plumbing work. He reports business as good.

For Wedding Parties

Charles Hipp, of the old Tropico bakery, 1410 South San Fernando Road, states that he is prepared to furnish cakes to order for weddings or parties.

Guests at Luncheon

Mrs. S. A. Pollock of 419 West Park avenue, this city, and Mrs. F. L. Fishback of Los Angeles, were luncheon guests yesterday of Mrs. Myra C. K. Shuey of West Sixty-third street, Los Angeles. Mrs. Shuey is a former resident of old Tropico.

M. M. Cook Building

Morris M. Cook of 219 Eulalia street is building a bungalow at 204 Eulalia street.

Outlook Is Bright

Southern Glendale has adopted the slogan of southern California, that of "straight ahead." Enthusiasm is becoming more general as to the bright outlook for this section of Glendale. The establishment of new stores within the past few weeks has added to the liveliness of the business district.

There is also a lively interest in real estate, several pieces of property having changed hands within the week, and the prospect of the section being rapidly built up is exceedingly bright.

Work is just commencing on two new bungalows on Eulalia street, one at the corner of San Fernando and one between San Fernando and Brand. The advantage of lower rates to and from Los Angeles is quite a factor in favor of this district.

Action Is Demanded

The fatal accident of last week at Los Feliz and Brand resulting in one death—that of Miss Eugenia Lindsley, has aroused the citizens of south Glendale to the urgent need of some definite plan of safety at crossings as a safeguard against further loss of life from the cars of the Pacific Electric.

A representatives of The News started in to record the views of the residents as to the remedy needed, but they were of one mind, practically all of them having signed the petition recently circulated, and they wanted just what the petition asked for.

Go to Bakersfield

Mrs. Adelaide Sides, who has been visiting several south Glendale friends for the past month, in company with Miss Cora Hickman of 336 West Park avenue, left Glendale for Bakersfield this morning as guests of Mr. and Mrs. E. C. Hurlburt. They will spend a week in the Oil City, visiting among other friends Mr. and Mrs. Eugene H. Imler, who are former Glendale residents. Mr. Imler has a large circle of local friends who will be glad to hear that he is getting along so well. He holds an important position with the Standard Oil company at Bakersfield.

Supply Every Need

Practically every family in southern Glendale keeps chickens, and of course they must have feed. Residents are very fortunate, therefore, in having at their very door a company well equipped to supply their every need. Mr. Tuttle of the Tropico Feed & Fuel company at 1507 South San Fernando Road states that all that is necessary is to call them on the phone and they will do the rest.

How Hot Is It?

Every family needs a thermometer, and everyone likes to know, as a matter of satisfaction and information, just what the temperature registers from day to day. D. E. Brown, of the Park Avenue pharmacy, at 1031 South Brand boulevard, is offering free a white enameled, tested thermometer with a package of Lac-Lax.

Nearing Completion

The two bungalows being built by James F. Winnard at 459 and 463 Riverdale Drive are nearing completion. Both of them have already been rented; one to George E. Williams, proprietor of Williams Dry Goods store at 105 North Brand, and the other to D. H. Harvey, who is at present residing at 316 North Cedar street.

Business Is Active

O. A. Von Oven, manager of Charles B. Guthrie's real estate office at Los Feliz and Brand, states that business is active in the southern Glendale district, and that they have a most complete listing of both houses and vacant lots to interest prospective purchasers in this section.

Repair Reed Furniture

Mr. Hutteball of the Tropico Reed Furniture company at 1508 South San Fernando Road states that in addition to the manufacture and repair of reed furniture, they have a department for repairing bicycles and go-carts.

Patrons Increasing

Clifford Clanin, of Clanin's Grocery and Meat Market at 1021 South Brand boulevard, states that he is doing a fine business, and as evidence that he must be giving satisfaction cites his growing list of patrons.

Earl Tubbs Building

Earl Tubbs, connected with the Union Oil company, is having a six-room bungalow built on San Fernando Road, corner of Eulalia street. Mr. Tubbs is living in Los Angeles at present, but will move to Glendale as soon as his new house is completed.

Take Motor Trip

Mr. and Mrs. J. C. Satow of 1515 San Fernando Road motored to Ocean Park last Sunday, and were the guests of Mrs. Heurman, mother of Mrs. Satow.

GET THE HABIT—

of looking for our double column 4 inch ad in every Tuesday's issue of the "News" under Southern Glendale Business Houses, and then cut out the ad and pin it up in some prominent place in the house. It will pay you. Might be able to help some body who is in the market by "slipping" him the list.

Corner lot 50x143, on Parkdale, west of S. P., $250 under value, at $600. Must sell. Don't let that slip through your fingers.

Four lots, 60 foot front on San Fernando, from 170 to 325 feet in depth, at $1200 and $1500 each. Easy terms. Developing all around.

Five room new bungalow, 2 bedrooms, built by two brothers, carpenters, and believe me, there is not a home in Glendale so well constructed. Lumber selected in every detail; 4 coats of paint and enamel; wash tubs in garage, with hot and cold water piped; garage very large; lot nicely fenced. It's a completely "finished article" when it somes to a real home. Only $1000 handles, balance $5000 in first mortgage and T. D. at $40 or more per month.

Five room bungalow, including breakfast room, 1 bedroom, and disappearing bed, with all other standard "fixins," about a home and lot; $1200 handles, balance $40 per month; price $4400.

Four room new bungalow, breakfast nook, lot 50x150, fenced. $4800, $500 cash, balance first mortgage and T. D. $40 per month.

Five room new bungalow, large living room, fireplace, breakfast nook, service hall, a perfect dream of a house, garage, lot 50x152; only $4500, $1000 handles, balance T. D. and mortgage.

Eddie Cicotte Freed On $7500 In Bonds

CHICAGO, May 10.—D. Cassady, Detroit attorney, appeared in criminal court and posted $7,500 in bonds for Eddie Cicotte, indicted former member of the White Sox team.

Cicotte, who is charged with conspiracy to "throw" the 1919 world series between the White Sox and Cincinnati Reds, did not appear.

Haitian Citizens Die As American Prisoners

WASHINGTON, May 10.—More than 9,000 Haitian citizens died in American prison camps in 1918-20, according to a report of three representatives of the patriotic union of Haiti, which the United States government had before it today. The charges were filed at the state department and the White House.

The report described American occupation of the island republic which began July 28, 1915, as the "most terrible regime of military autocracy which has ever been carried on in the name of the great American Democracy." In addition to those dying in prison camps, the report alleged that hundreds of persons, including women, children and invalids were killed, mutilated and tortured by American marines or native gendarmes.

Probe Lynching Of Mountain 'Bad Man'

KNOXVILLE, Tenn., May 10.—Officials are investigating the lynching at Huntsville, near here late Saturday night of Berry Bolling, alleged "mountain bad man."

Bolling was taken from the Scott county jail by a mob and hanged to a tree after which his body was filled with bullets.

Bolling was in prison awaiting trial on a charge of having murdered Mrs. Mary Jane Harness.

Girl Is Accidentally Killed While At Play

SAN FRANCISCO, May 10.—Mary Bigone, aged 22, recently appointed guardian of her eight nephews and nieces, was dead today, the victim of an accidental shot from a gun in the hands of one of her small charges.

Vincent Bigone, aged 13, was playing with a revolver. Mary warned him to put it down. Presumably while an inquisitive finged toyed with the mechanism the gun was discharged and the "little mother" who had come al lthe way from Italy to care for the eight children of her brother, dropped dead.

Give Dinner Behalf Los Angeles Guests

Miss Cora Hickman and her sister Mrs. Adelaide Imler, of this city, entertained at dinner Sunday Dr. Lenore K. Bates and Mrs. C. K. Shuey, both of Los Angeles. The affair took place at the elegant Park avenue home of the hostesses and the four ladies, who are old friends, enjoyed a happy reunion.

The Mongolian camels are particularly vicious and powerful. Their bite generally induces blood poisoning and their breath is so poisonous that it is said no camel driver lives long. Particularly vicious males are marked with a piece of red cloth to warn strangers.

WESTERN CLUBS IN WINNING STRIDES, BOTH LEAGUES

INTERSECTIONAL BILL TO BE GIVEN FANS; GOOD LINE MAY BE OBTAINED

By HENRY L. FARRELL
United Press Staff Correspondent

NEW YORK, May 10.—After close to four weeks on an east-to-east and west-to-west stunt, the major league baseball clubs will start the first intersectional bill of the season this afternoon. The western clubs of the National league come east and the Eastern American League clubs go west.

While the pennant races will not be decided in these intersectional skirmishes, a good line may be obtained on where the pennants are going to roost next October. So far western teams are showing the way in both circuits. Pittsburg is leading the National league by three games and Cleveland has about the same margin.

Pirates Are Going Well

The Pirates with their pitchers going well and with their offense leading the league with the stick, are well fortified for a long stay on enemy soil.

Gibson has Boston and Philadelphia to work on before he meets his most dangerous rivals—the Brooklyn champions and the Giants.

Some of the eastern critics say that Pittsburg has become fat off easy Cincinnati, St. Louis and Chicago meat. Even without Kopf and Rousch, the Reds gave the Pirates the worst battles in the west, winning three out of nine games. The Cubs won a single game from them and the Cards lost every one.

Boston isn't taken seriously in the east but they have shown strong inclinations to rise up and strike back at times.

The Cleveland Indians buck Washington and New York, the two strongest teams, for a starter and then have the Athletics and the Red Sox.

Some Heavy Hitting

Speaker's club has been hitting like a fiend and the pitchers seem to be coming around to form.

Hugh Duffy has his Red Sox going along good and Cleveland may get a hard battle from Boston.

So far, and the season is under way enough to have real form shown, the pre-season figures are being followed.

The National league looks to be Pittsburg, New York and Brooklyn all the way with the American league flag between Cleveland and New York.

Washington is not being figured by the experts as a serious contender, but George McBride has a very good ball club.

In Southern California

School Head at Conference

Mark Keppel, county superintendent of schools, is now en route to Indianapolis, where he will be a delegate at the national conference of the United Brethren church. Assistant A. C. Wheat is in charge of the county schools during Mr. Keppel's vacation.

Railroads Want Rehearing

The Salt Lake route, the Pacific Electric and Southern Pacific railroads all have asked for a rehearing on the order by the state railroad commission which would force them to transform the plaza into a union terminal for Los Angeles. Attorneys state it will take from three to eight years to settle the question.

County Probation Officer

William H. Holland, educational director of child welfare in Pasadena, yesterday was appointed probation officer for Los Angeles county by the board of supervisors. He succeeds Harold K. Van, who resigned several months ago.

Iowa Jurist Is Summoned

Judge Edward H. Stiles, one of the most widely known of Iowa jurists for years, died at the home of his son-in-law, B. J. Gates, in South Pasadena yesterday. He was 85 years old and had lived here for the last six years. The judge was the author of several Iowa histories.

James S. McKnight Resigns

Lieut. Col. James S. McKnight has quit as assistant adjutant general of California. His resignation has been accepted and forwarded to the governor. It was alleged that a "rake off" of 10 per cent was claimed on the 50 per cent going to the promoters of a regimental association fund.

Salvation Army Drive

The campaign of the Salvation Army "nest egg" has already begun in the southland and it was reported last night that more than 32,000 has been raised. Women are conducting the drive in the business section of Los Angeles.

Whether the world owes every man a living or not, it owes him his part of the world's work.

Metcalf-Hinckley
Four Proven Drilling Sites
No waiting for ACTION in Metcalf-Hinckley! Just a few days past, we first announced the offering of this stock. Now comes news that THREE NEW DRILLING SITES have been added to the list of Metcalf-Hinckley's proven properties. Just another step in the company's policy of drilling only on proven ground—just another step that proves to stockholders that this is due to be a BIG oil company.
Mighty Oil Production Moving Our Way!
Close to our first drilling site—close to a well now standing with three feet of oil in the sump—close to the restricted district, where hundreds of acres can be drained of oil—lie these three new locations! The Hurst and Huntington Central lie just to the north—the Pantages-Huntington is but a few feet distant!
Metcalf-Hinckley is showing just the kind of swift progress that was expected of the BIG men at the head of the company—giving stockholders MORE for their investment—a BIGGER shot at profits and oil-money—than we ever promised.
10c Per Share---Get Yours!
The derrick will be GOING UP within the next few days! Very possibly you may see it rising today, when you visit the field! You'll realize the wisdom of investment with Metcalf-Hinckley—if not now, then within the weeks to come! But—if you delay, you are very likely to encounter an advanced price. We urge you most strongly to see us without any delay whatever. Call on us and talk over the whole proposition—or use the mails to get information the "coupon way."

New Power Plant Is Now Being Operated

SAN FRANCISCO, May 10.—Electric power from a new source in the high Sierras today was driving the wheels of industry into San Francisco Bay district in the presence of some fifty prominent northern Californians.

Miss Eleanor Flechacker late Saturday turned the valve which officially started in operation the new Caribou plant of the Great Western Power company in the Feather River canyon.

The new plant gives the company a total output of 300,000 horsepower.

S. Berman Improving Brand Blvd. Property

S. Berman, the tailor, who says he is now one of the early settlers of Glendale, recently purchased the property on the corner of Brand boulevard and Elk avenue. Since taking possession of this valuable location Mr. Berman has spent considerable time and money improving its appearance.

Five Minute Limit Is Placed On Telephones

DENVER, Colo.—Long distance conversationalists are given as the reasons for the telephone company here placing a five minute limit on talking over nickel-in-the-slot telephones.

PUT POISON IN HORNS

In the olden times rhinoceros horns were employed for drinking cups by royal personages, the notion being that poison put into them would show itself by bubbling.

GRIPS TIRE CASING

For automobile repair shops a machine has been invented which grips each side of a tire casing at equal distances and spreads it open.

Rev. M. M. Eshelman At Dunkard Ceremony

Rev. and Mrs. M. M. Eshelman of 1247 South Maryland avenue attended the meeting of the Brethren of the Dunkard church at Glendora Sunday. One of the impressive ceremonies in connection with the services was the love feast or communion. Rev. Eshelman is a bishop of the Dunkard church.

For the past thirty-five years he has been devoting most of his time to literary work. He has just completed a manuscript entitled "The Flight of the Perpen Plane Around the Earth," or "Looking Backward from 1960."

Rev. Eshelman is 77 years of age and is totally blind, but stated that he still enjoys the knowledge gained during his days at college.

Claude Berger Family Visits Pomona Friends

Claude Berger and family of 403 East Lomita avenue motored to Pomona on Sunday to visit in the home of Elmer Waterbury, formerly of Polo, Ill., where Mr. Berger resided prior to coming here.

Mr. Berger said that he always had been under the impression that Godliness, cleanliness and the Blue Sunday went hand in hand, but after being used to the well-kept lawns and clean streets of Glendale, a decided contrast was noted in Pomona.

And as to the Blue Sunday he adds that a certain amount of reaction has taken place, and the question now seems to be a moot one.

USES WET BATTERY

An electric flashlight operated by a wet battery is so constructed that the electrolyte comes in contact with the plates and provides current only when the light is in use.

SUPERHEAT STEAM

By superheating the steam in their locomotives Italian railways have effected a 23 per cent economy and heavier trains are being hauled at greater speed.

Reports show that of the French military class of 1921 more than seventy-five per cent consists of youths twenty years of age who are fit for military service. This is a high percentage of effectives and the increase is attributed to a decrease in the use of alcohol, the improved living conditions on farms and the spread of sports in France.

G. W. Perkins of Chicago has been re-elected president of the Cigarmakers' International Union by a substantial plurality.

The man who first thought of putting a metal tip on the end of a shoelace was glad to take $400 for his idea. The purchaser made $150,000 out of it.

Lubriko Display Is Attracting Attention

Lubriko, which is being introduced to the Glendale motoring public by the Monarch Auto Supply company of 121 South Brand boulevard, provides the motif for an unusual window display. H. M. Butts has arranged a small gasoline pressure camp stove in the window which has a dish of Lubriko floating in a pan of boiling water. Although the water boils, the lubricant does not melt and will not until the heat reaches 300 degrees, according to Mr. Butts. It also will stand a drop in temperature to 25 degrees below zero before freezing, he says.

Eight Persons Killed Result Of Disturbances

DUBLIN, May 10.—Four members and two former members of the crown forces in Ireland lost their lives in week-end disturbances. One woman was killed for associating with ex-soldiers and one Sinn Feiner brought the death-list to eight.

PROTECTS STEERING

The English inventor of automobile steering gear in which cams replace the usual segments, sectors and worms claim it will not cause shocks of rough roads to impart twisting strains to the steering column.

In the laboratories of the United States forestry service at Madison, Wis., experiments are being made to determine whether a certain clay, found in large quantities in Wyoming, can be used successfully in a process for de-inking printed newspapers.

FOILS AUTO THIEVES

To foil automobile thieves an alarm bell of English invention, enclosed in a locked box, rings as long as a car is in motion unless shut off by the car's owner.

The value of Canada's fisheries last year amounted to $50,000,000.

CECIL D'MILLE FILM 'FORBIDDEN FRUIT' IS PRESENTED

LATEST OFFERING OF NOTED DIRECTOR IS ON SCREEN AT PALACE GRAND

Audiences always marvel at the skill of Cecil B. DeMille, and with each succeeding photoplay presented by him, his admirers are led to believe the apex of the cinema art has been reached. His latest offering, "Forbidden Fruit," which is being presented again today at the Palace Grand theatre is in many respects more lavish than any of his previous efforts and runs the gamut of the human emotions. "Forbidden Fruit" tells the story of a young woman who is torn between her wifely duties to a rascally gambler and crook husband, and a true love for another that comes to her. The story by Jeanie Macpherson is replete with pathos and thrills which stir the heart.

"Take Your Time," a rollicking Vanity comedy, also is on the bill while "Humoresque," by Dvorak, is the overture and is always pleasing. "Down Yonder" and "My Budding Rose" are among the popular pieces played. Tomorrow's feature has Mary Miles Minter in "Eyes of the Heart," a Realart picture.

Flowers That Bloom In Spring Cause Of Mary Garden's Arrest

CHICAGO, May 10.—"The flowers that bloom in the spring, tra la la," hummed Mary Garden, opera singer and manager.

This was while she was purring along the suburban boulevards with Harold F. McCormick, backer of the Chicago opera company.

"Ah," said McCormick, "there are some spring flowers right in front of us, tra la la la."

"Let's pick some," said Mary. They did. But the flowers happened to be budding in the front yard of Gerald M. J. Badow, lover of the beautiful and—special police officer of Ravina park.

Badow ran in his house and pinned on his badge of authority and hurried forth to save his lot from the vandals.

"You're under arrest!" yelled Badow, pointing a constabular digit at Miss Garden and McCormick, as they were tra la laing and picking flowers.

He took them in the house to guard against any possible escape while the prosaic red patrol wagon was coming.

"What's your name?" he asked.

"Garden—Mary," answered the singer.

"And yours?"

"Harold F. McCormick," replied the harvester president.

"Released," said Badow. "Guess it's a case of too much artistic temperament."

"The flowers that bloom in the spring, tra la la!" hummed Mary as she sped away.

McCormick made it a duet.

Science Class Girls Guests Mrs. Vaughan

Forty-three girls of the Domestic Science classes of the Glendale Intermediate school were the guests of Mrs. Kate Brew Vaughn Friday afternoon.

They were served with a delicious luncheon at 1 o'clock, after which they visited the printing and composing rooms of a Los Angeles evening paper and later a demonstration on fancy cookery by Mrs. Vaughn.

They were chaperoned by Miss Cymbel Taylor, supervisor of Domestic Science; Miss Carrie Noble, principal, and Miss Frances Jackson, librarian.

H. J. Vandenhoff Opens Real Estate Offices

H. J. Vandenhoff has recently opened realty offices at 205 North Brand boulevard where, in addition to the general real estate lines, he will attend to the building and supervision of homes on a percentage basis. Mr. Vandenhoff's experience in construction work will make him of valuable assistance to those contemplating the purchase of residence property and building of homes.

SHOWS TEMPERATURE

Mounted on top of a single metal tube are several dials which indicate the temperature at different depths of a pile of coal into which the tube is inserted.

SELF-COOLING FAN

An electric ventilating fan for residences is self-cooling, air being drawn through a curved pipe extending from the motor housing to the edge of the fan guard.

When Neighboring Wells "STRIKE" it means "Buy Quick"

WESTERN UNION HAS STRUCK—struck BIG! Its flow of 2,400 barrels a day has PROVEN the coming section of the Huntington Beach Oil Field! It has shown the unlimited possibilities of the rich northern slope of the ANTICLINE that has made Huntington Beach famous! Union's Copeland has further PROVEN this district, and Republic Petroleum already in the OIL,—READY TO BE BROUGHT IN,—promises to reap BIG OIL PRODUCTION from this same section!

Just 200 yards from the Republic well, Guaranty Oil is rushing its derrick to completion—right in line with the big spouters in the field—right in line for the same immensely profitable production.

All Southern California knows Huntington Beach—your friends and neighbors are investing in Huntington Beach Oil—and above all stands GUARANTY OIL—a company whose stock gives YOU a chance at BIG money! For your benefit in getting stock quickly, we put the coupon below. Use it! Use it to get YOUR financial interest in Huntington Beach! Use it today!

NO NEWS TO HIM

A regimental band was about to be organized at one of the war-time cantonments and, after the first rehearsal, the officer in charge was signing up the candidates.

"Your name?" he asked the trombonist.

"Sam Jones," returned the embryo trombonist.

"Your station?"

"Camp Devens."

"Your rank?"

"I know it," sighed Sam.

CITED FOR VALOR

The swain and his swainess had just encountered a bulldog that looked as if he might shake a mean lower jaw.

"Why, Percy," she exclaimed as he started a strategic retreat. "You always swore you would face death for me."

"I would," he flung back over his shoulder, "but that darn dog ain't dead."

BECOMES PAINT BASIS

A new electrolytic process is expected to remove the titanium that prevents the economical working of certain Swedish and Norwegian iron ores from them and to convert the former metal into a useful paint basis.

HOME STERILIZER

A new household water sterilizer which does its work with chlorine gas generated by electrolysis can be connected to any light socket and is made of glass so its operation can be watched.

The stained glass in England's beautiful cathedrals is being attacked by some mysterious disease which takes the form of minute holes which in time deepen, causing the glass to flake. So far no remedy has been found.

EASILY EXPLAINED

The man who ran the elevator of the sky-scraper was talking to a passenger.

"The judge certainly did soak him," he said. "He sentenced him to three years and ten days. Now I understand the three years all right; but what the ten days were for I'd like to know?"

"That was the war-tax," said a quiet citizen who got aboard at the tenth floor.

NOVEL WATER SPORT

A new aquatic sport is afforded by a buoy in which a person is kept perfectly dry, his legs encased in trousers on which are fins with which to propel himself through water.

Yale juniors propose to perpetuate the life and times of undergraduates of Yale by means of motion picture films.

HUMAN KANGAROOS IN ACTION

Above we see two of the thousands of boys now in training, at the various Naval Training stations, creating a little excitement for their shipmates. When the day's work is finished a purse is sometimes collected by the "tarpaulin muster" method—every one throws a coin into a blanket and representatives of each division vie with each other to win it. This stunt you might call the Kangaroo Race, for it is hop, hop all the way or they don't cross the finish line at all.

DEMONSTRATION OF PSYCHIC POWERS TO BE GIVEN

'GOLDEN THE GREAT' WILL BE AT GLENDALE THEATRE IN UNUSUAL EXHIBITION

"Golden the Great" as an added attraction at the Glendale Theatre at the first evening shows today and tomorrow will present for the first time in local history an exhibition of mental telepathy and psychic power in practical application. It is said that he predicted the end of the world war within thirty-six hours of the actual time and appeared before the king and queen of England by royal command.

"Hobgoblins," a Roiin comedy, and a Pathe Review also are on the bill. while Pearl White is featured in the William Fox production of "The Thief."

Those who know "The Thief" as a stage play will remember that in it is a speech three-quarters of a printed page in length. When the play was produced in New York, where it was a great success, this long speech startled the critics. It was the longest speech they had heard in a play—yet the audience that crowded the theatre every night hung on every word of that speech.

Miss White had known the play and wished to appear in it a long time before Mr. Fox got the screen rights for her. Its plot is as gripping on the screen as on the stage, and gives Miss White a splendid opportunity to show her dramatic talents.

"Now I Lay Me Down to Sleep" is the featured organ number played by Madame Clement.

Tennessee Folk Will Picnic Next Saturday

All who ever lived in Tennessee are invited to a great picnic reunion, all day, Saturday, May 21, in Sycamore Grove park, Los Angeles. There will be a brief program, but the main purpose will be to have a good time and to meet friends from all over southern California. Coffee will be served free to all who buy the silk souvenir badges. President Monroe W. Wilson will preside. Dr. Herbert Booth Smith will be the speaker of the day. Further information may be had of C. H. Parsons, secretary of the federation of state societies. 901 South Main street, Los Angeles.

RUDDER APPROVED

The British admiralty has approved after tests an English inventor's rudder with which motorboats can be steered, stopped or reversed without stopping the engine.

EXTEND AIR SERVICE

A daily passenger airplane service that has been established between Paris, Brussels and Amsterdam will be extended to Copenhagen and will include Bremen and Hamburg.

EVANGELIST EXPRESSES HIS PLEASURE AT SUPPORT GIVEN TO CAMPAIGN

(Continued from Page 1.)

Apostle Paul, as one of the greatest characters of history; great in three respects; great in mind; great in heart; great in achievements. His earnestness and sincerity when even as a persecutor of the early Christians. When on the way to Damascus to wreck the church he met the Lord on the way; was converted; became a flaming herald of the cross; suffered all manner of persecution. But, unmoved, he kept on.

"With his eye on a crown that fadeth not away; until now, at the time of this declaration, he was an old man, with feeble step; with white hair he sits in a dark cell in the prison at Rome. Back of him was a record of faithful services; of sacrifices and suffering. Before him was the chopping block and the crown. But, undaunted, he cries out, 'I am now ready to be offered. The time of my departure is at hand. Henceforth there is laid up for me a crown of righteousness, which the Lord, the righteous judge, shall give me at that day.'"

Held Up As Example

The evangelist held up St. Paul's faithfulness as an example to the Christians of Glendale; both old and new. To break away from evil associates; to be more attentive to the church; to be more loyal to Christ; to keep the fire burning in your heart, by reading and studying the word—by prayer.

"Make this heavenly race the first thing in life," he said. "Put much into religion if you would get much out of it. Remember you are a soldier battling for a crown; stand foursquare."

An after service and many responses followed this earnest address.

Displays Honor Won By Telephone Forces

Glendale's office of the Pacific Telephone & Telegraph company now boasts of a beautifully embossed copy of the citation given by the war department to the American Telephone & Telegraph company for its distinguished service during the war. Fred Deal, manager here, takes great pleasure in showing the honor won by the telephone forces during the war.

The first full-blooded Indian ever admitted to citizenship in the United States is Thomas Blackbird, 23 years of age, of the Sioux tribe and a veteran of the World War. He was admitted to citizenship under an act of Congress by the provisions of which any Indian of legal age who served in the war may, upon application, be admitted to the rights of citizenship.

GOT BAD COLD? TRY AIRPLANE FLIGHT; CURE ASSURED

TRIP IN CLOUDS WILL EVEN RESTORE VOICE, CLAIM OF MEDICAL AUTHORITY

WASHINGTON — Medical science has discovered a new therapeutic agent in the airplane.

The curative value of airplane and balloon flights in the rarified air regions was brought forcibly to the attention of the medical world by a recent incident in Washington. H. A. Renz, Jr., who was rendered voiceless during the world war, was advised by Dr. Charles A. McEnerney of the public health service, to make an airplane flight. Renz was taken up by a government airplane at Bolling field and reaching an altitude of 14,000 feet was brought back to the field.

Renz recovered his voice and made the announcement to his mother over the field telephone.

Girl Recovers Singing Voice

The air service pointed out that Miss Grace Ford, a Roanoke, Va., girl, recovered her singing voice in a similar manner. Miss Ford was one of the first to volunteer for service as an entertainer for the soldiers. Every effort to find a remedy failed until in the fall of 1918, when she made an airplane trip. This was while she was in Lima, Peru. President Leguia had asked her to sing. She was preparing to send her regrets and an explanation, when a former army officer asked her to accompany him on a flight.

When they reached an altitude of 8,000 feet, Miss Ford said she felt a curious sensation of the throat and nose. She said the sensation was akin to nosebleed. At 10,000 feet her throat and nose lost the peculiar sensation. She immediately thought of her voice and essayed a few notes. To her surprise her voice was clear and audible above the roar of the propeller. Miss Ford that evening sang at the palace.

Physicians attached to the public health service believe there is a tremendous field of possibilities in the investigation of flying for curative purposes. Many well known doctors are studying the effects of rarified air on certain diseases.

Report Wide Range of Cures

Back in 1786 the "Aeropaidia," the first handbook on aeronautics in the English language, was printed. It recommended balloon ascents for convalescents.

"The spirits are raised by the purity of the air and rest in this clearful atmosphere," the author wrote.

He advised scientific investigation of the physical and mental reaction to tastes and odors at different altitudes and suggested the possibility that the tonic effect to change from hot and impure air, impregnated with invigorating aerial acid, might contribute without the aid of drugs to the sick and invalid.

A surgeon in the Royal Air Force, England, called attention to a number of cures of different ailments effected by flying. These cures ranged from cold to phthisis, neuralgia and influenza.

The nerve specialist may find a wide field of operations, the air service experts said.

The near future was held likely to produce the aerial sanatorium and the areo-therapist.

Decision Of Railroad Labor Board on Wage Scale Being Awaited

WASHINGTON. May 10.—Steps toward a readjustment of railroad rates await the decision of the railroad labor board on the wages of employes, according to belief of President Harding and members of his cabinet today.

This was the decision after reported discussion of the railroad problem at the last several cabinet meetings.

With the question of wages decided, railroads can estimate their operating expenses more closely and the Interstate Commerce commission can then proceed to adjust rates with this in mind.

While the labor board and Interstate Commerce commission are looking into the rail difficulties, Congress will be conducting what promises to be another long railroad investigation. This investigation started today under authority of a resolution recently proposed by Senator Cummins and adopted by the senate. The investigation will seek to bring out:

Not only what the needs of the railroads are but what are the needs of various industries which must be served by the railroads to live.

Whether the railroads are running as economically as possible as prescribed by the Esch-Cummins transportation act.

Whether the transportation act must be changed and in what respects.

TO HELP LIQUIDATION

Prohibitionists have no objection to prices taking a drop.

THROUGH the use of up-to-date materials and tools for our work, we are able to do any kind of a plumbing job in an efficient and satisfactory manner. Let us figure on your work.

Our Display of Fixtures Is Very Complete and Prices Are Reasonable.

E. COKER

The Plumber

121 N. Brand Blvd. Glendale 647

TO BE worthy of your confidence in times when sorrow enters your home is our honest endeavor.

Our service does not end with the more important duties, but is broad enough to take in every detail that our many years of experience and painstaking effort can accomplish.

We Maintain a High Standard in Our Work and Make Reasonable Charges for Services

Invite Business Men To Credit Meeting

At a meeting of the credit committee of the Glendale Chamber of Commerce last night, letters were ordered mailed out to all retail business men inviting them to be present at the next meeting of the committee, Friday night, May 20.

Contrary to popular belief, the Polynesian people as a race are not dwindling, but are being reinvigorated by the infusion of alien blood. The offspring of the mixed marriages are taking wives from among the full-blooded Hawaiian strain, thus preventing the Hawaiian blood from losing its identity.

"Carrying coals to Newcastle" has actually been acomplished by a firm of French exporters, who sent a direct shipment not only to Newcastle, but also to Cardiff, the center of the South Wales coal fields. The coal was sent in response to a demand by English industries suffering on account of the coal strike.

Summer Prices on Fuel

For a Short Time Only

$15.50 for 22 Sks. Briquets

Place your orders at once, so we can arrange for delivery this month, as we expect an advance in price June 1.
